## OTHM Session Plan

Session title	No Of Hours	Session type
Introduction to computing systems	4	Lec
Number systems and Logic gates	4	Lec
Hardware and system configuration (Activity assembling)	4	Lec
Maths 1-basic concepts of Algebra	4	Lec
Maths 2-Sets ,Trigonometry	4	Lec
Maths 3 -metrics	4	Lec
Maths 4-Statistics(Small part of probability),Accuracy annd precision	4	Lec
Paper disscussion	4	Lec
word (1 session all the components with activities)	4	practical/Lab
Excel (1 session all the components with activities)	4	practical/Lab
powerpoint( 1 session all the components with activities)	4	practical/Lab
Access	4	practical/Lab
Access	4	practical/Lab
Assignment Disscussion and Submission Period	4	practical/Lab
Introduction to internet and web developmentn start HTML Basic tags	4	practical/Lab
intro about vs code and other html tags	4	practical/Lab
HTML tags and CSS (internal external)	4	practical/Lab
Web Site Development (Assignment Disscusion)	4	practical/Lab
Introduction for photoshop tools in photoshop	4	practical/Lab
tools in photoshop( (Assignment Disscusion)	4	practical/Lab
Flow chart (Sequence,selection,Repition)	4	Lec
python Programming introduction	4	practical/Lab
Programming with python	4	practical/Lab
Programming with python (Paper disscussion )	4	practical/Lab

Total Hours	96
-------------	----
